

Section B: Kiosk Projects

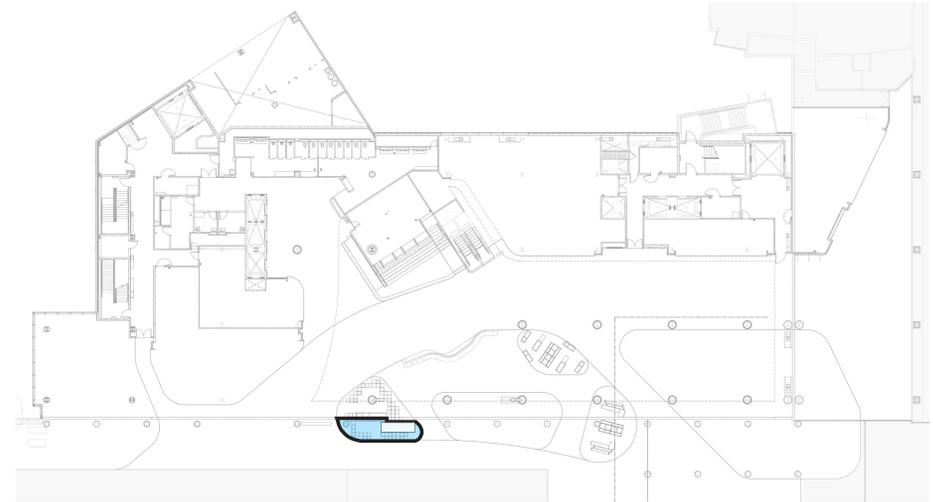

SEA

Space CC-33

Room # CCE 5240

Retail Kiosk

536 Sq. Ft.

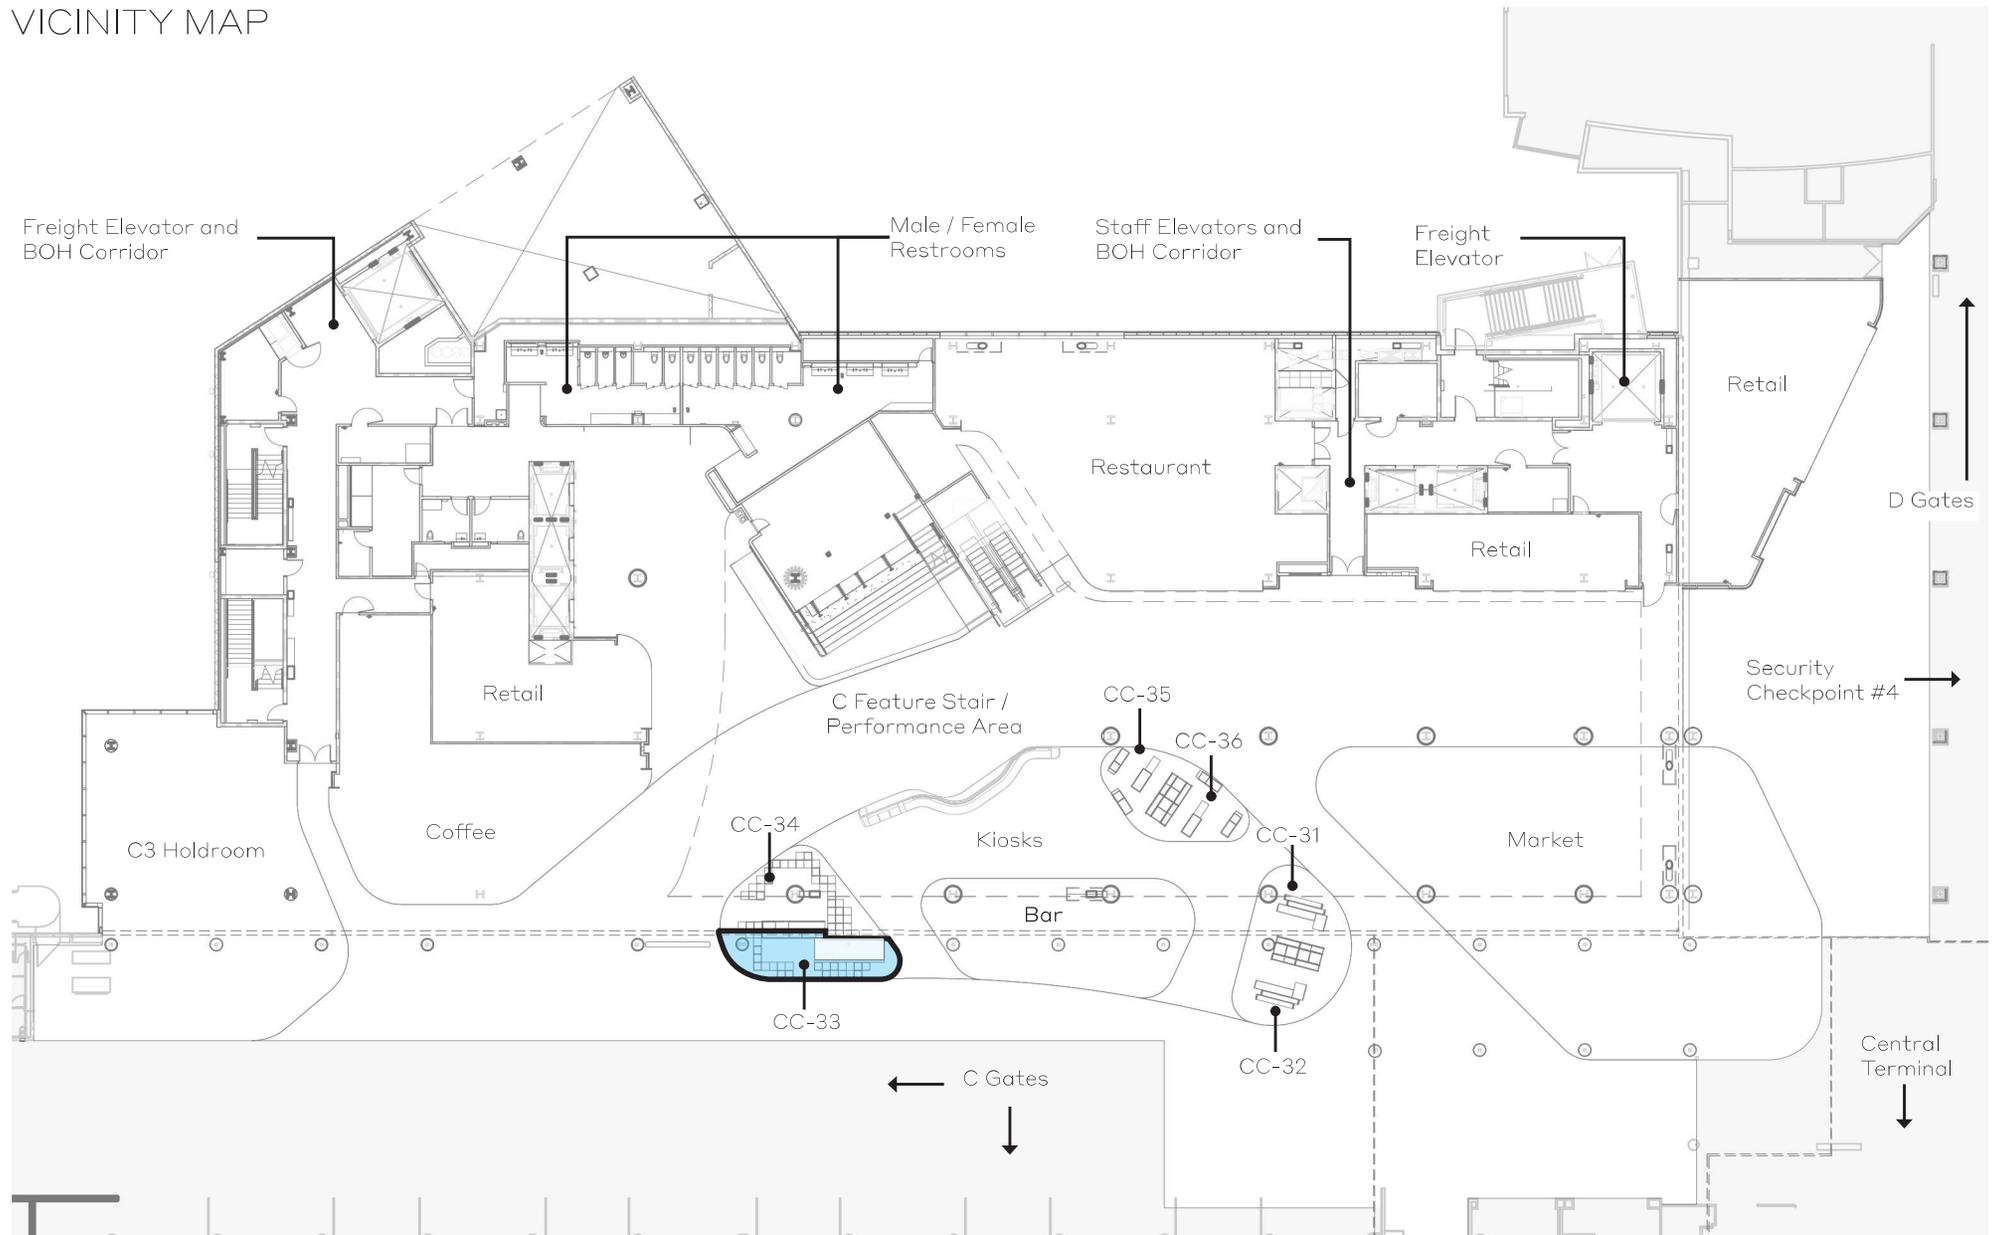

KEY PLAN 

Design Development Conditions for Space:

- The Port provides cabinetry within the leased area inclusive of primary sign. No deviations, additions or modifications to the cabinets, lighting, or signage are permitted without Port ADR approval.
- Ceilings or canopies will not be allowed, signage will be limited to locations shown on drawings and renderings included in this section. All other proposed locations will require review and approval from the Port ADR team.
- Dedicated Kiosk lighting is not provided beyond that included as part of the base building Concourse C lighting.
- Additional Lighting if provided by tenant shall be 3000K-3500K to harmonize with existing concourse light levels.
- The use of any cooking/heating/reheating/venting appliance is not allowed in this location.
- No plumbing is planned for this space.
- Storage of back-up inventory is accommodated within the provided cabinetry of the lease space
- Review final lease demising lines with Port ADR. Lease lines may vary based on final cabinet construction and location.
